2,325 litres	1,800mm	1,200mm	1,680mm	450kg

## Slimline tanks

For when space is restricted  
and for easier movement

## Faster Installs

Our steel tank models have been designed to accommodate **pre-fabricated concrete bases**, for faster installs and cheaper costs.

# Fire Rated Oil Tanks

**10**  
YEAR  
GUARANTEE  
WHEN REGISTERED

FirePro® is a tier-one bundled oil tank that's integrally fitted with a unique, patented fire jacket providing 30 or 60-minute fire protection.

The unique product provides compliant installation as close as 300mm from the walls or boundaries and can even be installed inside domestic outbuildings.

## Fire Protected Oil Tanks / Plastic

### 1350SLBFP

Capacity	Length	Width	Height	Weight
1,670 litres	1,800mm	900mm	1,680mm	410kg 455kg

### 2300SBFP

Capacity	Length	Width	Height	Weight
2,325 litres	1,800mm	1,200mm	1,680mm	478kg 510kg

## Who can sign-off and certify a fire rated tank?

A Tuffa FirePro installation requires an independent sign-off to comply with building regulations. Failure to do so would render an installation incompliant.

There are three options:

1. Stroma approved persons inspection.
2. Self-certification through a competent person scheme.
3. Certification via a building notice by local authority building control.

Find out more about the ease of signing off a Tuffa fire-rated oil tank by visiting [www.tuffa.co.uk/buyers-guides/guide-to-firepro-sign-off](http://www.tuffa.co.uk/buyers-guides/guide-to-firepro-sign-off)
